Rules and General Information

- Entries accepted 7:00 a.m. to 10:00 a.m. on Saturday, May 14, 2022
- Judging from 10:30 a.m. to 12:30 p.m.
- No entry fee
- Location is Tulsa Garden Center, 2435 S Peoria Ave, Tulsa OK 74114
- All classes are open to amateur growers or arrangers. Only one exhibitor or team from one garden may enter any one class.
- All roses entered must be exhibited under the ARS exhibition name.

Entry Guidelines

- Exhibitors may enter as many blooms as desired in each class, if of different varieties, except as noted.
- Entries must have official ARS entry tags furnished by the Tulsa Rose Society, properly filled out and roses correctly named.
- Containers will be furnished by the Tulsa Rose Society unless noted.
- Entries improperly named or mis-classified will be penalized.
- Only aluminum foil or green floral Styrofoam is permitted for wedging.
- No exhibits, except for arrangements entered by exhibitors who traveled a distance of 30 miles or more, can be removed prior to the closing of the show. Keeper trophies may be taken following the Judges' Luncheon.
- Judging will follow the American Rose Society guidelines and the official scale of points.
- Exhibitors must place their challenge class entries in Horticulture.
- During judging, only judges, clerks, and necessary show personnel will be allowed in the show area.
- Neither the Tulsa Rose Society nor Tulsa Garden Center will be responsible for the loss or damage to any property, nor for injury to persons. Liability of any nature is disclaimed.

Awards

- First, second, and third place rankings may be awarded in each class.
- American Rose Society Gold, Silver and Bronze certificates will be awarded in Hybrid Tea/Grandiflora, Mini-Flora, and Miniature for the Queen, King, and Princess of Show.
- ARS Certificates will be awarded in the classes stated in the show schedule to the best blue-ribbon winners.
- Keeper trophies will be awarded to ARS Certificate winners and challenge class blue ribbon winners.
- Best of Show—All exhibits in Horticulture are eligible for this award. Selection will be by the final judging panel following selection of all certificate and blue-ribbon winners.

DIVISION I: HORTICULTURAL SPECIMENS

SECTION 1: HYBRID TEAS, GRANDIFLORAS, AND OTHER LARGE ROSES

Class 1: **Hybrid teas, grandifloras, and their climbing counterparts, one bloom per stem, no side buds. Entries will be classed alphabetically, classes A to Z. Eligible for Queen, King, and Princess of Show.**

Award: Certificates and Keeper trophy for King, Queen, and Princess.

Court of Honor: Next 7 best roses

Class 2: FULLY OPEN HYBRID TEAS AND GRANDIFLORAS and their climbing counterparts, one bloom per stem, no side buds, stamens must show.

Award: ARS Certificate and Keeper Trophy.

Class 3: FLORIBUNDA SPRAYS and climbing counterparts—with two or more blooms.

Award: ARS Certificate and Keeper Trophy

Class 4: CLIMBING VARIETIES, not sport or bush types, naturally grown. One bloom per stem or spray with two or more blooms to a stem.

Award: ARS Certificate and Keeper Trophy

Class 5: FLORIBUNDAS and climbing counterparts--one bloom per stem, no side buds.

Award: ARS Certificate and Keeper Trophy

Class 6: HYBRID TEA OR GRANDIFLORA SPRAYS and climbing counterparts, two or more blooms per stem.

Award: ARS Certificate and Keeper Trophy

Class 7: POLYANTHA SPRAYS and climbing counterparts. Two or more blooms per stems.

Award: ARS Certificate and Keeper Trophy
- Class 39: Single entry of **ONE MINIATURE OR MINIFLORA ROSE**, one bloom per stem, exhibition form. No Singles.
Award: Keeper Trophy

EARTH-KIND ROSES

Earth-Kind is a special designation given to select rose cultivars by the Texas AgriLife Extension Service through the Earth-Kind landscaping program. It is based on the results of extensive research and field trials and is awarded only to those roses demonstrating superior pest tolerance, combined with outstanding landscape performance.

Earth-Kind roses do well in a variety of soil types, ranging from well-drained acid sands to poorly aerated, highly alkaline clays. Once established, these select cultivars also have excellent heat and drought tolerance.

The use of Earth-Kind roses provides the opportunity to enjoy these wonderful flowering plants while limiting the use of fertilizers, pesticides, and water. These sustainable practices are excellent examples of how Earth-Kind landscaping is working to preserve and protect our natural resources and the environment.
